We at Clark Chiropractic Wellness Center hope that the following information will help you understand how your Personal Injury Protection (PIP) works for you. Please review the information, and if you have any questions, please ask one of our Chiropractic Assistants.

General Overview

PIP stands for "Personal Injury Protection." This covers the authorized driver of the vehicle, the owner, all members of the owner's family, and anyone riding in the vehicle at the time of the accident. PIP covers injuries in and around the vehicle, and even covers pedestrians. (Tx. Auto Ins. Law Art. 5. 06-3b)

PIP is automatically on all policies written in the state of Texas, unless it is denied by the policyholder in writing. (TX. Auto Ins. Law Art. 5. 06-3b) Protection can be purchased in the following three amounts: $2.500, $5,000, or $10,000. This coverage is per accident, any new claim starts with the set coverage amount.

PIP also pays for 80% of lost wages (including homemakers), pain and suffering, and loss of consortium. An injured person should always file a PIP claim regardless of liability.

The first policy on which a claim is filed is on the car involved in the accident. However, stacking policies – once benefits are exhausted – is perfectly legal. PIP has no right of subrogation (Tx. Auto Ins. Law Art. 5. 06-3b). Your PIP is required by law to pay claims as they arise. Penalty of non-payment may be assessed at 12%, plus interest and legal fees. (Tx. Auto Ins. Law Art. 5. 06-3b and subsection 3)

Your PIP can request that a patient have an independent medical exam. The statute of limitation on PIP is 3 years.

Verification

Look at the "Declaration Sheet," which is the cover sheet of the automobile insurance policy, or you may call you insurance agent.

Filing a Claim

You must first call your agent and file an "Application for Benefits" with your insurance carrier before benefits can be paid. If you are not "insured" on the policy, you may apply as the injured party. This office will then file all necessary claim forms directly to your insurance company each week. We will also file any required "Physician's Reports."

Covered Charges

PIP pays 100% of “reasonable and necessary” medical services.

Considerations:

You may ask, “Why should I file on my PIP when it wasn't my fault”? You should file on your PIP to keep from having to pay out of pocket medical expenses. Contrary to what you may think, your insurance premiums will not be raised or cancelled due to your claim. (TX Auto Ins. Law Art.5.06-3) Your PIP benefits are available regardless of liability on a claim.

Insurance rates are based on a variety of factors, such as the county in which you live. No one can guarantee rates, even for drivers who have never had an accident, gotten a ticket, or ever filed a claim.

Your PIP benefits are bought and paid for. If you are not going to file for benefits, perhaps you should consider dropping this coverage from your policy.

Our office policy states that when PIP benefits are available, you must file a claim. If you still do not want to file a claim, you will need to pay cash, unless we have a letter of protection from your attorney on your liability claim.
