WELCOME TO OUR OFFICE. We specialize in helping people achieve their highest level of health through our Neurological, Brain-Based, and Metabolic corrective programs. Our approach is unique and advanced from other rehabilitative programs; therefore, we have strict requirements in accepting new patients. This approach allows our patients to achieve far superior results compared to most other systems.

In order to be seen, you agree to:

1. Fill out the following forms as thoroughly as possible so that we can determine whether we can accept your case.
2. Wear loose fitting clothing (preferably without metal) so Dr. Clark can access from your elbows down and your knees down as he is going to be doing a complete structural and neurological examination and may need to take x-rays.
3. Please bring copies of all lab studies and diagnostic test results that you have had within the last year along with this packet.
